

**BrightStar Care: Covid Vaccine Status  
Release of Information - Consent or Decline**

*The Federal government grants you the authority to control the release of information/ ROI regarding your healthcare documentation – this Law is known as HIPAA. Many clients request caregivers and nurses for service that have received the Covid vaccination. There is no requirement for you to release this information. However if you do grant ROI to BrightStar to inform the client that you have received vaccination, please indicate this below.*

**Instructions:**

Please review and answer ONE of the following. Place an "X" in the box for your decision.

<b>Choose One Decision</b>		
<b>CONSENT</b>	I DO grant BrightStar Agency the authority to utilize the information that I have received a Covid vaccination, for the purpose of staffing me to a client's case.	<input type="checkbox"/>
<b>DECLINE</b>	I do NOT grant BrightStar Agency the authority to release the information related to my Covid vaccination status, whether or not I have been vaccinated.	<input type="checkbox"/>
